7	12	6th Do	Chitaldrug.

No. 2089-98—R. F. 6 OF 1900-1901, DATED BANGALORE, 1ST SEPTEMBER 1900.

ORDER THEREON—Owing to the present financial pressure grants as applied for cannot be sanctioned. The Comptroller, Mysore Government, is requested to place at the disposal of the Deputy Commissioners of the Bangalore, Kolar, Tumkur and Chitaldrug districts a sum of Rs. 16,000 as shown below for advances to be made for irrigation wells during the year 1900-1901 :—

	Rs.
Bangalore	3,000
Kolar	4,000
Tumkur	5,000
Chitaldrug	4,000
Total ...	16,000

The remaining districts do not seem to require any grant.

2. Fortnightly statements in the prescribed form showing the number of applications received and disposed of and the number of wells completed for which final loan orders have been issued will be submitted as usual.

Letter No. 106, dated the 6th August 1900, from the Deputy Commissioner, Kadur district, submitting, with reference to Government Proceedings No. 993—R. 306, dated 31st July 1900, explanation on certain items disallowed from the remission statement for the quarter ending 31st March 1900.

No. 2103—R. 687, DATED BANGALORE, 3RD SEPTEMBER 1900.

ORDER THEREON—Under the special circumstances represented, and having regard to the circumstance that the remission of Rs. 204-4-4 in Case No. 15 of Mudgere taluk has been recommended by two Deputy Commissioners of the district, Government are pleased to accord sanction to the amount being written off the accounts.

2. In regard to Case No. 43 of Chikmagalur taluk, it is observed that the term "out of repair" is too vague. In one place the ané is said to be out of repair, and in another it is said that it is the channel which has been damaged from excessive rain. What the extent and nature of this damage are, and whether there has been any breach, are important points on which information has not been supplied. It is also not known why the repairs were not undertaken at once. The extent of land and amount of assessment, which depend upon the ané and channel, should be stated. A responsible Officer not inferior to an Assistant Commissioner may be directed to inspect it minutely and report upon it in detail.

3	Venkatachar ...	Ditto ...	Deputy gumasta.	Rs. 12 rising to Rs. 15 by an annual increment of Re. 1.	

2. This office No. 1156—R. 371, dated the 4th August 1900, passing certain observations regarding the promotion of Ramaswamaiengar, Deputy Gumasta, to the post of Gumasta in the Chikmagalur taluk and enquiring whether the promotion in question does not offend Rule I, 3, and Rule II, of Notification, dated the 12th April 1888, regulating the claims of candidates for admission to the superior Government service in the Revenue and General Departments.

Letter No. 110, dated the 8th August 1900, from the Deputy Commissioner, Kadur District, to the Secretary to the Government of Mysore, General and Revenue Departments.

With reference to your docket No. 1156—R. 371, of the 4th August 1900, in regard to the promotion of Ramaswamaiengar, Deputy Gumasta of the Chikmagalur taluk, to the post of Gumasta, I have the honor to state that the Amildar of the Chikmagalur taluk, in submitting his proposals to fill up the post of the Taluk Revenue Head Munshi, which was vacant consequent on the death of its permanent incumbent, recommended the official in question for promotion as Gumasta, on the ground that, of the two Deputy Gumastas in the taluk on a pay of Rs. 12—1—15 as noted in the margin, Ramaswamaiengar, above named, was found to be the senior in service and the more intelligent and active official.

Letter No. 617, dated 6th January 1900, from the Deputy Commissioner, Mysore district, reporting that in consequence of the partial failure of the monsoons in the year 1899-1900, he has directed the grant of the dry beds of tanks to the raiyats for the purpose of raising quick-growing crops, such as cholum, &c., to enable them to supplement their food-stocks to some extent and that the cultivation is subject to the condition that one-third of the produce is to go to Government and the remaining two-thirds to the raiyats.

No. 2189—R. 714, DATED BANGALORE, 6TH SEPTEMBER 1900.

ORDER THEREON—The Deputy Commissioner's attention is drawn to Government Proceedings No. 9145-52—Pet. 890, dated 30th November 1894, which directs that the temporary cultivation of tank beds should be for assessment fixed in money and not for rent in kind. (1) Para 2 of the Proceedings of Government No. 5286-8—R. 1717, dated 15th December 1897, stating that rules regarding the conversion of paddy payments into Land Inams by allocation in the Sringeri jahgir, would hereafter be framed and notified, and,

(2) Letter No. 57, dated 9th February 1899, from the Superintendent of Inam Settlements, submitting a draft of the said Rules.

No. 2268-70—R. F. 168-93, DATED BANGALORE, 11TH SEPTEMBER 1900.

ORDER THEREON—The following Notification embodying the further rules referred to in para 2 of the proceedings read above, for the conversion of paddy payments into Land Inams by allocation in the Sringeri jahgir, will be published for the information of all concerned :—

NOTIFICATION.

No. 2271—R. F. 168-93.

In exercise of the powers conferred by Sections 2 and 3 of "The Sringeri Jahgir Inam Settlement Regulation 1897," the Government of Mysore are pleased to notify the following rules for the conversion of paddy payments into Land Inams in the said jahgir :—

Extent available for allocation of Inam, how to be determined.

1. The whole of the wet lands of each warg from the holder of which, Inamdars have a right to receive, annually, specified quantities of paddy, having been assessed by the survey and the annual rental value in khandis having been recorded, against each survey number constituting the warg, the conversion into Land Inam of the Inam paddy payments shall be proceeded with by first assigning, as available for the allocation of the Inam an extent of land, in the warg, the survey wet assessment of which shall bear to the total survey wet assessment of the warg the same proportion which the Inam paddy payment confirmed at the Inam enquiry bears to the entire present paddy payments. The extent of land available for the allocation of the Inam shall be recorded in terms of survey wet assessment.

Illustration.—The total present paddy payments by the Wargdar is 200 khandis, out of which 100 khandis have been confirmed at the Inam enquiry as Inam, the total survey assessment of the wet land of the warg being Rs. 50. The extent of land available for the allocation of the Inam, in terms of survey wet assessment, is obviously Rs. 25.

Assignment as Inam of land out of the extent available in the Warg, how to be made.

2. The extent available for the allocation of the Inam, in terms of survey wet assessment, having been determined according to the preceding rule, a Land Inam having an annual rental value in khandis equivalent to the number of khandis, less quit-rent, confirmed at the Inam enquiry shall be granted out of the warg but within the extent recorded as available for allocation. The Inamdar shall be registered as the superior holder and the Wargdar as the inferior holder and the Wargdar shall pay to the Inamdar, as a fixed annual rent, the recorded annual rental value, in khandis of paddy, of the land granted as Inam. The Wargdar shall be registered as the occupant of the balance of the warg and shall pay the money assessment of the same to the Matt.

Illustration.—The wet lands of a warg being in extent and bearing survey assessment and annual rental value as shown in the margin, the entire present paddy payment is 200 khandis, out of which 76 khandis have been confirmed as Inam at the Inam enquiry. An extent of land having a present annual rental value equivalent to 76 khandis has to be granted as Inam, out of the warg, should there be enough land available, as fixed under Rule 1, for the purpose—under Rule 1, however, only an extent of land bearing survey assessment of Rs. 19 is available, consequently the Inamdar cannot have his full 76 khandis as no land in the warg, assessed at only Rs. 19, has so high an annual rental value as 76 khandis. Survey Nos. 1 and 6 assessed at Rs. 19 (the limit) and having an annual rental value of 65 khandis might be assigned as Inam. The Wargdar would be registered as the Kadim tenant of Survey Nos. 1 and 6 under the Inamdar as superior holder to whom he would pay a rent of 65 khandis, but neither to the Inamdar nor to the Matt would he pay any money assessment. The Wargdar would be registered as the occupant of Survey Nos. 2, 4, 5, 7 and 8 assessed at Rs. 31, which sum he would pay as money assessment to the Matt. The above or any other allocation similarly regulated, can be made consistent with next following Rule 3.

Survey number.	Area.		Assessment.			Annual rental value, khandis.
	A.	G.				
1	1	20	4	0	0	15
2	2	0	6	8	0	24
4	1	0	3	0	0	10
5	3	0	9	0	0	34
6	5	0	15	0	0	50
7	2	0	6	0	0	20
8	2	20	6	8	0	19
	17	0	50	0	0	172

3. The Settlement Officer may make the allocation of the Inam, as per preceding rule, in any part of the warg, but he shall in doing so make the division between the Matt and the Inamdar as fair as possible with reference to the quality and value of the soil. The decision of the Settlement Officer shall be final.

Allocation to be equitable.

4. The Settlement Officer shall make the allocation of the Inam, as laid down in Rule 2, into separate survey numbers.

Subdivision of survey numbers.

5. The relation between an Inamdar and his tenant, as settled above, shall be governed by the provisions of the Mysore Land Revenue Code, 1888 (Regulation IV of 1888), applicable to a superior holder and his Kadim tenant. The Jahgirdar for the time being shall, in all such cases, exercise the powers vested in, and conferred upon, a Deputy Commissioner by the said Code, his acts and orders being appealable to, and liable to be revised by, the Government of Mysore whose decision in any case shall be final.

Government Order No. 2312-21—R. 779, dated 12th September 1900, requesting the Superintendent of Survey, as the original settlements of some taluks have fallen in, to take the work of *revision* in hand, under the provisions of the Mysore Land Revenue Code, and to submit, for the orders of Government, his proposals for each taluk.

D. O., dated the 11th instant, from Colonel Grant, Superintendent, Revenue Survey, stating, with reference to Secretary's D. O. of 10th idem, that the direction to carry out a revision of assessment implied also a fresh Revenue Survey under Section 115 of the Mysore Land Revenue Code, and that he has acted accordingly; and adding that his arrangements for the Survey establishments to take the field about 1st November next are far advanced.

No. 2475-83—R. F. 8-1900, DATED BANGALORE, 18TH SEPTEMBER 1900.

ORDER THEREON—Section 115 of the Mysore Land Revenue Code, which corresponds to Section 106 of the Bombay Land Revenue Code, empowers Government to direct "a fresh Revenue Survey" at any time. The Bombay Government (in their Order No. 2516, dated 5th May 1881) have observed that the phrase "fresh Revenue Survey" in this section is ordinarily called "Revision Survey." There can be no room for doubt, therefore, that when the Survey Superintendent was asked, in the Proceedings read above, to take in hand the work of revision, *i. e.*, Revision Survey, the Government intended a fresh Revenue Survey as provided for in Section 115 of the Mysore Land Revenue Code, and not a revision of assessment only. Colonel Grant has correctly understood the scope of the order. He is requested to submit for the approval of Government the departmental rules which he is preparing in regard to re-measurement; as well as the draft of a Notification announcing the intention of Government to institute a fresh revenue survey and revision of assessment in taluks where the original Survey and Settlement have fallen in.

Letter No. D. 377, dated 4th September 1900, from the Deputy Commissioner, Bangalore District, to the Secretary to the Government of Mysore, Revenue and General Departments, Bangalore.

I beg to submit herewith a copy of Memo No. 7 of the 1st September 1900, from the 3rd Assistant Commissioner of this district, embodying the result of Dr. Lehmann's experiment for the destruction of insects causing fungoid disease to crops in the Hoskote taluk. The Doctor has been requested to visit the Anekal, Devanhalli and Dodballapur taluks also for a similar purpose.

ENCLOSURE TO THE ABOVE.

MEMO No. 7.

As desired in your Memo No. A, dated the 19th August 1900, I accompanied Dr. Lehmann, Agricultural Chemist to the Government of Mysore, to Kadgodi. From there we went to Koralur, Bhaktarahalli and Poojena-Agrahar and inspected the gingelly plants suffering from fungoid disease. A block was marked out in each of the above mentioned villages. Dr. Lehmann was kind enough to explain the disease, the plants were suffering from, to the raiyats assembled. Then he explained the preventive measures he was going to adopt. The chemicals of the Bordeaux mixture were shown to them and their properties explained. The raiyats were able to understand the remedy to be applied to the diseased plants. Dr. Lehmann treated the plants with the mixture and the treatment was explained and shown to the raiyats, and as the process was very simple, some of the raiyats themselves used the mixture on the plants. I again inspected these blocks on the 20th August 1900, and found the blocks so treated healthier, greener and succulent. I compared this portion with the portions not treated with the mixture and the difference was no doubt striking. The leaves of the plants that had not had the advantage of the mixture were found shrivelled and dried up. The worm was still there. I carefully examined every gingelly plant in the portions experimented upon and found that the worms had all disappeared and the leaves looked brighter and more greenish, thus showing that the mixture was able to arrest the fungoid growth. The leaf when carefully examined with the naked eye seems to have had the white or brown incrustation. I explained this change in the plants treated to the raiyats present and they were intelligent enough to see the difference. If the fungoid disease was discovered and treated earlier, the mixture would have saved all plants. The raiyats now know what to do hereafter when the disease appears again. As I promised Dr. Lehmann to inspect these plants, I request you will kindly communicate the result of my inspection for his information.

Correspondence ending with letter No. 109, dated 21st July 1897, from the Deputy Commissioner, Bangalore district, regarding the liability or otherwise of the holder of the kayamgutta village of Krishnasagar in the Bangalore taluk, to pay the cost of putting up bandhs in connection with the valuation survey of the village made by the Survey Department in 1890.

No. 2811-12—R. F. 18-97, DATED BANGALORE, 25TH SEPTEMBER 1900.

ORDER THEREON—The kayamguttadar objected to pay the amount of Rs. 26-11-6, claimed by the Survey Department on account of the bandhs put up to mark the limits of his village, on the ground that the valuation survey of the village had been made without his application, and without any need for it, inasmuch as local cess in respect of such villages was leviable on the kayamgutta rent. The Deputy Commissioner, in submitting the matter for the orders of Government, states that the Order of 25th August 1877, which authorizes the survey of such villages, is silent as regards the recovery of the cost of boundary marks; but it is explained by the Superintendent, Revenue Survey, that it is customary to levy such charges on the authority of the Chief Commissioner's letter No. 6145—R. 139, dated the 23rd March 1872.

2. The instructions contained in the Chief Commissioner's letter referred to by the Superintendent, Revenue Survey, were no doubt issued in regard to inam villages, and a separate communication was promised as regards the survey of kayamgutta villages; but, on the analogy according to which survey charges are therein ordered to be borne by Government and the cost of boundary marks by the inamdar, a custom has grown of surveying the kayamgutta villages also for purposes of valuation and enforcing a similar liability as regards the levy of cost from the kayamguttadars.

3. There is thus no force in the contention that the kayamguttadar made no application for the survey; for, under the orders of the Government of India conveyed in letter No. 52 R., dated 24th May 1877, and the Rules of the 25th August 1877 issued thereunder, as revised by Notification, dated 27th September 1877, the valuation survey of kayamgutta villages was compulsory and not optional with the kayamguttadars as in the case of detailed survey. The object of the survey was not merely to ascertain a proper basis for the assessment of local cess in cases where this had to be determined, but also, as explained in the letter of the Chief Commissioner to the Government of India, No. 389—R. 5, dated the 10th April 1877, to have "a complete record of the resources of the Province as regards the area and valuation of all inam holdings alike." The survey charges proper are borne by the Government, and the kayamguttadar is requested to pay only the cost of the boundary marks.

4. The Deputy Commissioner will take steps to levy the amount in question and transmit it to the Superintendent, Revenue Survey.

Proceedings of the Government of Mysore,

No. 2490-540—FL. 242, DATED BANGALORE, 18TH SEPTEMBER 1900.

ORDER—On a perusal of statements of "Charges of a contingent nature" submitted by the Comptroller, the Government observe that the provision on this account in the Provincial Budget for the current official year, which amounts in the aggregate to Rs. 9,11,189, exceeds the average of the last three years by Rs. 1,06,000, and the last year's actuals by Rs. 91,000. As a very large deficit is anticipated during the current year and it is necessary to effect all practicable retrenchments in expenditure, extracts from the statements referred to will be forwarded to the Heads of the several Departments and other Officers concerned with the request that they will report whether the average expenditure of the last three years as reported by the Comptroller may not be entered in the current year's budget. Pending final orders they are requested to enforce the greatest possible economy as regards contingent expenses.

Letter No. 2122, dated 19th May 1898, from the Secretary to the Mysore State Life Insurance Committee, requesting orders as to whether Probationary Assistant Superintendents of Police, may be considered as permanent Government servants eligible for insurance under the State Life Insurance Rules, and subsequent reminders ending with No. 1301, dated 8th March 1899.

(2) Letter No. 9192, dated 15th April 1899, from the Plague Commissioner in Mysore, recommending the grant of usual advance of pay to Mr. Zahiruddin Maccai, Probationary Assistant Superintendent of Police and Ward Officer, for building a house in the Basavangudi extension, Bangalore City.

(3) Letter No. 2361, dated 10th November 1899, from the Comptroller, Mysore Government, enquiring whether Revenue Probationers are, like Probationary Assistant Commissioners and Account Probationers, ineligible for insurance.

No. 2754-94—FL 266, DATED BANGALORE, 25TH SEPTEMBER 1900.

ORDER THEREON—Upon a re-consideration of the question raised in the correspondence read above, and of the Government Proceedings No. 124-25—R. F. 90-96, dated 6th July 1898, Government are now of opinion that all persons who enter the permanent service of Government, that is, such service as is *prima facie* determinable only by some act or default on the part of the incumbent, even if their appointment to such service be in the first instance on probation, are eligible for insurance under the Mysore State Life Insurance Rules. The fact that confirmation is made dependent on the passing of prescribed tests or on approved work during the period of probation, does not render the appointment temporary, for the purpose of the said Rules, unless the appointments are merely acting for others absent on leave, &c.

2. In the case of probationary officers who are liable to forfeit their appointment on failure, for instance, to complete their tests during the probationary period, insurance need not be made compulsory, but may be left to their option. If any such officer chooses to insure his life but is afterwards removed from the service, as aforesaid, his case will fall under Rule 26 of the Insurance Rules.

3. Applications for house-building advances may be dealt with on similar considerations.

EXCISE

Proceedings of the Government of Mysore,

READ—

The following letter No. 1198—56, *dated* 16*th August* **1900**, *from the Excise Commissioner in Mysore, to the Secretary to the Government of Mysore, General and Revenue Departments* :—

In submitting herewith copy of docket No. 20, dated the **24th** July **1900**, from the Deputy Commissioner, Kolar district, together with an application from Messrs. Spencer & Co. for a license for the sale of foreign liquors in the Kolar Gold Fields and its enclosure (to be kindly returned), I have the honor to state that at present there is strong competition for the sale of foreign liquors in the Kolar Gold Fields. In addition to the existing foreign liquor shops held by Messrs. Anderson & Co. and Mr. David, Mr. Mitchell has lately taken a Hotel and Boarding House License. Messrs. H. J. Rustomjee & Co., Bombay, have also put in an application, requesting that their foreign liquors may be permitted to be sold in the shops in the Mysore State. Other firms in Madras, *viz.*, Oakes & Co., Cutler Palmer & Co., &c., send their foreign liquors to the Kolar Gold Fields by receiving orders from European residents and the so-called co-operative societies there. The foreign liquor which is very largely sold is beer as per following particulars :—

Locality.	Quantity sold.			
	Beer.		Other liquors.	
	Gls.	Drs.	Gls.	Drs.
Bowringpet	10,850	17	3,469	17
Gold Fields	22,474	17	5,094	12½
Total ...	33,324	34	8,563	29½

It is therefore desirable that the Mysore Government should get its proper share of revenue from foreign beer. In accordance with the graduated scale of license fees fixed for the retail sale of foreign liquors in Government Notification No. 6261—Ex. 250, dated 14th January 1897, the rate of fee per gallon is Re. 0-1-7, while the prescribed duty per gallon of country beer is Re. 0-2-0. I beg to recommend for the sanction of Government, the following revised scale, so as to make the rate of license fee per gallon of foreign liquor equal to the existing rate of duty per gallon of country beer :—

(1) For a license covering sales up to 500 gallons a year ... Rs. 60
(2) Do over 500 gallons and up to 750 gallons a year ... „ 90
(3) Do over 750 gallons and up to 1,000 gallons a year... „ 120
(4) For every additional 250 gallons or fraction thereof over 1,000 gallons a year, „ 30

2. The present fixed fees for other kinds of foreign liquor licenses as per Notification above quoted are the following :—

(1) For Wholesale license ... ... Rs. 25
(2) For Hotel license ... ... „ 25
(3) For Refreshment Room license... ... ... „ 25

Any two or more of the above kinds of licenses are granted to the same person, *vide* Rule IV in Government Notification No. 31, dated 9th May 1889. Instances have come to notice in which the persons who hold Wholesale, Retail and Refreshment Room licenses, debited the retail sales over 500 gallons in the accounts of wholesale sales, in view to evade the payment of increased license fees under the graduated scale relating to retail sale. Under such circumstances, it is expedient that the graduated scale should be made applicable to *all* kinds of foreign liquor licenses. Accordingly, I beg to submit herewith for sanction and publication in the Gazette, a draft Notification embodying the proposed revised scale of license fees for the sale of foreign liquors.

No. 2124-25—Ex. F. 19-96, DATED BANGALORE, 3RD SEPTEMBER 1900.

ORDER THEREON.—For reasons stated by the Excise Commissioner in Mysore, Government are pleased to revise the scale of license fees for the sale of foreign liquors in Mysore as proposed in the above and the draft Notification submitted by him is accordingly approved and forwarded to the Compiler, *Mysore Gazette*, for publication both in English and in Kanarese in three successive issues of the *Gazette*.

„ Comptroller to the Government of Mysore.

NOTIFICATION.

No. 2126--Ex. F. 19-96, DATED BANGALORE, 3RD SEPTEMBER 1900.

Under Section 55 of the Excise Act XXII of 1881, as amended by Act VI of 1885, and introduced into Mysore by Regulation III of 1885, the Government of Mysore are pleased to direct that the following be substituted for Rule V, in Government Notification No. 31, dated 9th May 1889, in lieu of the Rule published under Government Notification No. 6261—Ex. 250, dated 14th January 1897.

"Rule V." For every wholesale license, retail license, hotel and boarding house license and refreshment room license, granted under Rule III amended under Government Notification No. 18968 —R. F. 119-93, dated 5th May 1894, there shall be payable a license fee according to the following scale per year or fraction of a year ending with 30th June :—

Rates of license fees.

(*a*)	For a license covering sales up to 500 gallons a year ...	Rs.	60
(*b*)	Do over 500 gallons and up to 750 gallons a year ...	„	90
(*c*)	Do over 750 gallons and up to 1,000 gallons a year ...	„	120
(*d*)	For every additional 250 gallons or fraction thereof over 1,000 gallons a year.	„	30

Out of the above amounts, Rs. 60 as per clause (*a*) shall be paid in advance before the issue of license, and the balance, if any, due under the remaining Clauses (*b*), (*c*) and (*d*) shall be paid immediately after the close of the official year for which the license is granted.

NOTE.—In addition to the aforesaid license fees every holder of a retail, hotel or refreshment room license within the Cities of Bangalore and Mysore, is bound to register his place of business under Section 58 of the Municipal Regulations and pay the Municipality for the certificate of such registration an annual fee under Clause II, III or IV of Schedule C II of the said Regulations."

PETITION

Proceedings of the Government of Mysore,

READ—

Petition No. 1391, dated 2nd November 1896, from Garudachar, jodidar of Dalvai Hosahalli, Bowringpet taluk, appealing against the order of the Deputy Commissioner of Kolar district, directing the sale of a certain land alleged by the petitioner to have been already sold to him.

(2). Letter No. 248, dated 23rd July 1900, from the Deputy Commissioner, Kolar district, reporting on the above :—

With reference to your official Memorandum No. Pet.—622, dated the 5th November 1896, and reminder No. Pet.—1374 of the 10th May 1898, calling for a report on the petition of Garudachar, jodidar of Dalvai Hosahalli in the Bowringpet taluk, complaining against the order of this office regarding the re-sale of certain lands in the Gollaguruvanahalli village in the same Bowringpet taluk, I beg to state as follows :—

2. Garudachar applied for Maji No. 93 (forming the bed of Gangojikunte tank abandoned by the Public Works Department) and Nos. 91, 92, 106, 77, 79, 80 and 81 adjacent to it (No. 93) in the said Gollaguruvanahalli village of the Bowringpet taluk. After some correspondence No. 93, measuring 18 kudus and 14¼ padis assessed at Rs. 16-9-7, was sold in November 1887 by public auction for Rs. 70-4-0 to the petitioner. Thereon another person also called Garudachar of Kallur petitioned that the amount realized was too low, and further one Muniraddi and others objected to the grant of the land on the ground that it would put them and their cattle to inconvenience. The then Deputy Commissioner Mr. Abdul Rahiman Saheb, K. B., cancelled the above sale and ordered that the question of giving out the land for cultivation or otherwise should be deferred till the Survey settlement which was about to be introduced into the taluk (*vide* Order No. 840, dated the 4th March 1890 in the file).

3. During the Survey settlement the land was included in gomal Survey No. 17, measuring 218 acres and 3 guntas. After that, the applicant asked for the grant of 50 acres out of that gomal Survey No. 17. Government were moved to sanction the subdivision of that number into small numbers and their disposal by sale. That was sanctioned in Order No. 5181-2—R. F. 294, dated the 13th September 1894. Accordingly the land was subdivided in 1896 and advertized for sale in the presence of the Deputy Commissioner.

4. The petitioner protested against the sale by public auction and requested that the land might be given to him for an upset price. But he was informed that the land would be sold by public auction as per Government Order referred to above and that he was at liberty to bid for the same.

5. On his appeal thereon to Government the sale was suspended pending the disposal of the appeal (*vide* para 1 of the first of the two references now under reply). These are the facts of the case.

6. The vernacular papers on the subject together with the enclosures of the Memo under reply are herewith submitted.

No. 2569—P. F. 9-1900, DATED BANGALORE, 19TH SEPTEMBER 1900.

ORDER THEREON—The Government see no reason to interfere with the sale of the land by auction and to stop it. The sale will be proceeded with.

2. There has been a great delay of nearly four years in the receipt of the Deputy Commissioner's report. In the meanwhile, the sale was suspended and this uncalled for action resulted in loss of the annual assessment to Government on this large block of ground, and for this loss the District authorities alone are responsible.

Petition No. 454, dated 30th August 1900, from D. Narasinga Rao, Amildar of Krishnarajpete taluk, stating that his claims for promotion have been over-looked and that in consideration of his good services he may be promoted.

No. 2586-2625—P. 355, DATED BANGALORE, 20TH SEPTEMBER 1900.

ORDER THEREON—Government regard the above as an official representation from the Amildar for promotion and direct that all such representations from officers of Government for promotion should be made through their immediate official superiors and that this rule should be observed in all Departments.

Petition, registered No. 1887, dated the 12th January 1895, from B. Venkata Rao, Kodigidar of Gundagal in the Maddagiri taluk, praying for a review of the order contained in Government Proceedings No. 4964-6—R. 721½, dated 12th September 1894, and conveyed to him in Endorsement No. 414, dated the 3rd October 1894.

2. Letter No. 342, dated the 10th October 1895, from the Deputy Commissioner, Tumkur district, submitting the vernacular papers connected with the case.

No. 2669-78—P. F. 42-97, DATED BANGALORE, 21ST SEPTEMBER 1900.

ORDER THEREON—The Kodigi Inams granted to the petitioner's ancestor for the construction and up-keep of a tank at Gundagal was enfranchised, subject to a quit-rent of one-fourth assessment, under the Rules of 1876. The petitioner having applied for a revision of the settlement in 1891, his petition was rejected on the ground that he had refrained from applying for a revision in accordance with the Notification of 9th March 1888 regarding the revision of settlement of Kodigi Inams and it was added that, under that settlement, his inam was enfranchised at the lightest possible quit-rent of one-fourth the assessment, *vide* Order No. 1964-6—R. 721½, dated the 12th September 1894.

2. Petitioner has since applied for a review of this order and urges that there has been no laches on his part.

3. The enfranchisement of Kodigi Inams has, after due consideration, been enforced throughout the State, and it is not now possible to make an exception in the petitioner's case. The tank must, therefore, be dealt with as all other tanks of that class have been, under the general policy of Government regarding such tanks. The petitioner will be informed accordingly.

4. The Government deem it desirable at the same time that proper enquiries should be instituted to ascertain that all Kodigi tanks, whose inams have been enfranchised, are duly maintained in accordance with the obligation which has devolved upon the State. The Deputy Commissioners of districts are accordingly requested to report the result of such enquiries for the information and orders of Government.

PUBLIC WORKS

Proceedings of the Government of Mysore.

READ —

The following Note, dated 29th March 1900, by the Public Works Secretary :—

In September 1897, you ordered a programme of large bridges really wanted in the Province to be prepared, showing the order in which they should be undertaken, *vide* your orders on letter, dated 6th September 1897, from Honorary Secretary, South Mysore Planters' Association.

II. With reference to above orders, Colonel Bowen, with his Note, dated 13th November 1897, submitted a list of eight bridges which appeared to him to demand first attention in next few years. In your orders thereon, you agreed that these eight bridges were all important ones, which should be undertaken in the near future, as funds become available. But you remarked that the question of priority among these required further consideration in communication with Deputy Commissioners, and you ordered that those Officers should be addressed with the object of deciding what large bridges we should provide within the next ten years, and in what order, Government being desirous of adopting a definite programme of bridge-building to be undertaken out of Local Funds General, in the order of priority of the claims of the various districts for improved communication.

III. A circular was accordingly issued to Deputy Commissioners in July 1898. Programme marked A, shows all the bridges proposed by those Officers, and by the Superintending Engineers of Circles, including the bridges originally proposed by Colonel Bowen, which are marked by asterisks in column 4.

IV. But, as above programme proposed no less than 127 bridges (many of them are small, unimportant ones), I asked the Superintending Engineers to make a selection of such of the larger and more important bridges as, in their opinion, should be taken up first during next ten years. Programme marked B, is the result. It provides for 32 bridges, *viz.*, 21 in Eastern Circle (four of these Nos. 4, 8, 13 and 17 are additional ones not proposed by Deputy Commissioners, but considered necessary by Superintending Engineer), and 11 in Western Circle (one of these, No. 4, is an additional one). Those proposed by Colonel Bowen are all included in this programme, (marked with asterisks).

V. I now solicit your formal sanction to the adoption of Programme B, for the present, leaving over for future consideration, the remaining bridges proposed by Deputy Commissioners, after those entered in this programme have been carried out.

VI. Pending formal approval of Programme B, provision will be made, under "Local Funds General," in next year's Public Works budget (now under preparation), for the first two bridges in each of the Circles with allotments aggregating one lakh, which may be fixed as the annual grant from that source for bridges for the next few years.

VII. Projects for the first two bridges in Eastern Circle (1) across Arkavati in Bangalore Division, and (2) across Appinhalli on Hiriyur-Marikanave road, Chitaldrug Division, are under preparation, and it is hoped they will be ready for submission to you early next official year. Projects for the first two bridges in the Western Circle (1) across Lokapavani, French Rocks Division, and (2) across Hemavati near Anjur, Kadur Division are ready. They will be submitted to you shortly after check. If early sanction is accorded to them, a start can be made this year with the grant of Rs. 42,000 in current budget, under Local Funds General.

No. 823-35—4501-13, DATED BANGALORE, 19TH SEPTEMBER 1900.

ORDER THEREON—Programme B, is approved by Government, as recommended in the Note read above. But, in the present financial condition, the annual grant therein recommended from Local Funds General cannot be sanctioned. Two years hence, Government hope that they will be able to begin carrying out the above bridge programme from Local Funds General. Meanwhile, grants from Local Funds General should be limited to what is required to complete partly executed works from that source.

By Order.

	2	...	...	Cauvery ,, ...	Ditto	31st mile near Ramnathpur ...	
	3	...	...	Badri stream	Hassan-Kodlipet road	Settihalli, 12th miles from Hassan.	The Amildar reports that this road is much used by people going to Coorg and the parts of Manjarabad taluk, and a bridge at this place will be a great boon.
	4	...	...	Hemavati River	Channarayapatna-Hole-Narsipur Tk.	Near Chikganni village ...	It is reported by the Amildar, that trafic on a large scale is carried on between Channarayapatna and Coorg, via Hole-Narsipur and that bridging here is necessary. The District Fund Board are of opinion, that instead of bridging the Hemavati River near Chikganni on the Channarayapatna-Hole-Narsipur road at a heavy cost, a road from Hole-Narsipur on Hassan side of the new bridge may be constructed to connect Channarayapatna. By so doing, it is hoped that paddy and other grains grown under north channel, Sriramadevar dam can be easily taken by carts to Hole-Narsipur or Channarayapatna. At present, Holekote hobli has no roads and the tract being hilly, raiyats find it very difficult to transport paddy and other articles of consumption. While the construction of the proposed road is thus calculated to be of considerable utility, it also connects Channarayapatna and Hole-Narsipur and has the special advantage of saving useless and large expenditure required for bridging the Hemavati at Chikganni.

RAILWAY

Proceedings of the Government of Mysore,

READ—

The following Note No. 124 of the 25th September 1899, from the Secretary to the Government of Mysore, for Railways, to the Dewan of Mysore.

The accompanying papers relate to the land required by the Madras Railway Company in connection with the re-alignment of the Kolar Gold Fields Railway and the payment of compensation for acquiring it.

2. The land in question belongs to the Ooregum Gold Mining Company and on it are built the Italian miners' lines and houses. The owners ask Rs. 5,700 as compensation while the Agent and Manager, Madras Railway Company, to whom the question was referred, states that the amount claimed is reasonable. In these circumstances and as the Madras Railway Company wanted the land very urgently, I have arranged for the acquisition of the same and for payment of the necessary compensation, and trust that this action of mine will meet with your confirmation.

3. Sufficient savings are anticipated from the provision made in the original estimate for the works to meet the charge.

No. 799—Ry. F. 218, DATED BANGALORE, 11TH SEPTEMBER 1900.

ORDER THEREON—**The action taken by the Secretary for Railways with regard to the acquisition of the lands referred to is approved, and the payment of the compensation, Rs. 5,700, is sanctioned.**

By Order,

D. McNEIL CAMPBELL, Col.,
Secy. to Govt., for Railways.

To—the Secretary to the Government of Mysore, General and Revenue Departments.

READ—

Note No. 65, dated the 17th May 1899, from the Secretary to the Government of Mysore for Railways, to the Dewan of Mysore, and letter No. 3838—889, dated the 30th March 1899, from the Deputy Commissioner, Kolar district, to the Secretary to the Government of Mysore for Railways, recommending a sum of Rs. 50 as compensation to one Hanumanthappa for a piece of his land together with a stone built well taken from him for the Thondebhavi Railway Station on the Bangalore-Hindupur Railway.

No. 798—Ry. F. 47, DATED BANGALORE, 12TH SEPTEMBER 1900.

ORDER THEREON—**A sum of Rs. 50 is sanctioned as recommended by the Deputy Commissioner, who is requested to send the receipt, after payment of the amount to the party, direct to the Comptroller of Mysore.**

2. The Comptroller is authorized to place the amount of compensation in question at the credit of the Deputy Commissioner, Kolar district, by debiting the same to the Capital Account of the Bangalore-Hindupur Railway.

By Order,

D. McNEIL CAMPBELL, Col.,
Secy., to Govt. for Railways.

To—The Deputy Commissioner, Kolar District.

(I) OPEN LINE.

ORDER THEREON—*Kolar Gold Fields Railway.*—Under this head a sum of Rs. 83,001 is provided for capital works to be carried out on the line during the current official year by the Madras Railway Company.

2. *Birur-Shimoga Railway.*—The sum of Rs. 80,000 provided against this represents the cost of the requirements of the working agency on account of capital works on the line and certain petty establishment charges. The completion estimate for the line (exclusive of Locomotive and Rolling and other Stock and Direction) amounted to Rs. 23,10,251 and the expenditure to end of last year, Rs. 22,92,189.

(II) SURVEYS.

Of the sum of Rs. 66,000 provided under this head Rs. 60,000 is on account of the Durbar's share of cost of the Location or Final Surveys of the Arsikere-Mangalore and Mysore-Tellicherry Railway lines to be taken up during the current official year under the orders of the Government of India. The remaining Rs. 6,000 represents the establishment charges, &c., of Mr. K. P. Puttanna Chetty and his staff deputed by Government for the collection of trade statistics required in connection with the preparation of projects for the said lines.

(III) SALOON CARRIAGES.

The provision of Rs. 5,000 made under this head is on account of the rent due by the Durbar on the shed and siding accommodation; also for repairs, &c.

(IV) GENERAL CHARGES.

The actuals under "Direction and Accounts" for 1899-1900 were Rs. 6,646 and a sum of Rs. 7,400 is provided for the current official year to meet requirements.
